

# AIRPOWER® P3

Art. No. 108001

## CE EN ISO 20347:2012 O2 HRO HI CI WR FO SRC

Leather/textile combination, waterproof and extremely breathable with GORE-TEX® Extended, leg height 20,5 cm, antistatic, sole 014

Available sizes UK 3 ½ – 12, Extra large sizes 12 ½ – 14

HAIX® Climate System

Heel bend

HAIX® AS System

108001

### Upper Material

A combination of soft and supple waterproof leather, hydrophobic, breathable (5,0 mg/cm<sup>2</sup>/h), 2.0 – 2.2 mm thick and nylon fabric

### Inner Lining

GORE-TEX® Extended; 3-layer GORE-TEX® laminate, waterproof and highly breathable. Abrasion-resistant lining with optimized-climate comfort, especially for flexible alternating inside and outside use.

### Non-woven insole

Non-woven insole absorbs moisture.

### Foot bed

Anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly.

### Sole

Rubber/PU sole with a sporty street/terrain tread. Optimal step and bend behaviour due to sporty toe and heel rounding. The low-weight PU, impact-absorbing wedge ensures outstanding walking characteristics. Oil and gasoline resistant, non-marking. Compliant with EN ISO 20347:2012

### HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

### HAIX® AS System

The HAIX® Arch Support System supports the natural curvature of the foot. Toes and joints have thereby sufficiently more space. Keeps foot in the best position for optimal foot health.

### Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

### Others

Light weight. Extreme breathable with the combination of fabric and high breathable leather.
