

# BLACK EAGLE® ATHLETIC 11 MID

Art. No. 300007

Microfiber/textile, abrasion resistant and breathable,  
leg height 12 cm, sole 020

Available sizes UK 3 – 12, Extra large sizes UK 13 / 14 / 15

300007

### Upper Material

Microfiber/textile combination

### Inner Lining

Abrasion resistant and highly breathable.

### Insert

Comfortable, cushioning, moisture wicking, anti-bacterial. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels

### Running sole

Made of rubber, resistant to oil and gasoline, non-marking

### Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber

### Durable Sole

Rubber mixture for long durability

### Double Hole Frame/Stone Shield

Stabilizes the shoe and guides the foot during unwinding movements, prevents uneven surfaces from pressing through to the foot

### Inner sole

Made of different EVA/TPU materials, light, cushioning, supporting

### Absorb

Permanent cushioning in heel area by special EVA material in the inner sole

### Energy Return/Supination Support

Inner sole in the front part of the foot made of a strong spring-back material for effective use of energy

### HAIX® Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step – moist air is released and fresh air comes in through the vent holes at the top of the boot.

### Pronation Support

Supports the center of the heel, prevents overpronation (arch collapsing inward) by using a harder EVA material

### Stabilizer

Asymmetrical TPU for stabilizing the heel

### Others

Low weight, metal-free
