Non-woven insole

Non-woven insole absorbs moisture.

Foot bed

Anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly.

Protective Toe Cap

Anatomically formed and well-padded protective toe cap.

Protective Throughsole

Flexible protective and metalfree throughsole.

Sole

TPU/PU sole with robust street tread, superior bending comfort, highly wear resistant, non-slip traction - even in cold weather. The low-weight PU, impact-absorbing wedge ensures outstanding walking characteristics. Very good insulation from cold, oil and gasoline resistant, non-marking. Compliant with EN ISO 20345:2011

HAIX® AS System

The HAIX® Arch Support System supports the natural curvature of the foot. Toes and joints have thereby sufficiently more space. Keeps foot in the best position for optimal foot health.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

Others

Easy running lacing elements of high quality, reinforcement in the toe area.
